**Natural, nontoxic anti-bacterial, anti-microbial & Anti-fungal agent that promotes rapid healing....**

**The natural solution to Equine hoof and skin problems. Centaur RPA Equine Animal Health Care Products are easy to use, fast acting, safe, gentle yet powerful natural products that can be used on the entire animal. Spray or soak the affected area or hoof two or three times a day, let air dry and see the results in one to three days.**

**Centaur RPA Equine Animal Health Care Products are sold with a 100% money back satisfaction guarantee.**

### **CENTAUR RPA HOOF and FOOT CARE SOLUTION**

Helps repair cracked and damaged hoofs, relieves stress on ankle and hock, and keeps the frog soft and supple to reduce impact damage to the leg. Eliminates thrush and white line disease.

#### **Use on all Hoof Problems**

- **Hoof Maintenance**
- **White Line Disease**
- **Seedy Toe**
- **Hoof Cracks**
- **Thrush**

The before and after pictures to the right show how effective Centaur RPA Hoof and Foot Care Solution is. The upper picture shows a hoof before treatment. The lower picture shows the results obtained in just ten days of soaking the hoof twice a day. The animal is a 40+ year old burro that had wall separation and was lame. After 10 days of treatment the hoof walls bonded and the lameness was gone. See our web site [www.rpabiotech.com](http://www.rpabiotech.com) for more information.
